
Article Retraction

Zemková, M., Jebavý, L., Kotlářová, J., Vlček, J., Meyboom, R. H. B. (2007) The spectrum and types of adverse side effects to biological immune modulators: a proposal for new classification. *Folia Biol.* **53**, 146-155.

This article was a plagiarism to the article by Pichler, W. J. (2006) Adverse side-effects to biological agents. *Allergy* **61**, 912-920. Mgr. Marcela Zemková, who is the responsible author of this article, misled the co-authors and editors of *Folia Biologica*. Authors apologize to Professor W. J. Pichler and to Blackwell Munksgaard, publisher of *Allergy*, editors and readers of *Folia Biologica* and *Allergy* for any inconveniences caused by this apparent case of plagiarism.

Note: M. R. H. B. informed Editors of *Folia Biologica* that he had no knowledge about the submission and acceptance of the manuscript but agreed with its retraction.

Z. M. was not available to sign this retraction.
